As in years past, the Graduate School will make available a very limited number of Graduate Work-Study Assistantship lines for academic year 2006/07. Since there is significant demand across campus, we are asking each unit that would like one (or more) of these lines to submit a brief application. Even if your unit has received work-study lines in the past, you must follow this procedure for 2006/07.

HOW TO APPLY
--- Submit a request explaining the proposed work activities using the application form at http://gradschool.binghamton.edu/gwsapplicationform.doc
--- The deadline for applications is Mon 1 May 2006.
--- If approved, you will receive an email confirming your unit’s participation in the 2006/07 Graduate Work-Study Assistantship program.

PLEASE NOTE
We expect to be able to fully fund only 13 positions in 2006/07 (or 26 semester-positions). Appointed students must be enrolled full-time and matriculated in a graduate degree program, with good academic standing. Students must be eligible for work-study employment (as determined by the Office of Financial Aid based on the student’s financial need; students must also be U.S. citizens or permanent residents). Graduate Work-Study students work an average of 10 hours per week and earn $4002 for the academic year ($2001/semester). They are appointed as TA/GA’s (Teaching/Graduate Assistants) and are members of the Graduate Student Employees Union (GSEU); as such, they receive a 50% tuition scholarship and are eligible for GSEU health insurance benefits and reduced parking rates.

Questions? Please let me know. Thanks--JK
